

This built-in thermostatic shower mixer is another bathroom element that has been designed with sleek, elegant lines. It offers two wellness functions: the handheld telephone shower comes as standard, leaving you to decide between enjoying the bracing, natural effect of a waterfall spout (Ref. A5A1876..0) or the ceiling shower head (Ref. A5B9376..0 or A5B9276..0), which mimics the soothing sensation of gentle rainfall (sold separately). The Armani/Roca water outlets are fitted with the Easy-Clean anti-lime scale system to ensure optimal performance and ease of maintenance. This sophisticated shower set is available in four finishes: shiny Chrome creates a fresh, modern look; warm Greige lends a discreet, sophisticated air; the Nero finish adds a bold, contemporary feel; and Brushed Steel brings a unique, industrial finish to the bathroom space.

Application place: Shower
