

This soft-close cover for the wall-mounted bidet (Ref. A357765..0) comes with the highest quality hidden to ensure a perfect fit and an immaculate appearance. The brassware is fully concealed by the cover, and the lack of joints and visible fixtures favours unprecedented hygiene standards in the bathroom space.

Supralit® surfaces ensure maximum hygiene thanks to reduced porosity and an antibacterial treatment. It also offers great resistance to chemical agents and ultraviolet light, ensuring that the product remains in perfect condition and maintains its original color over time.

The bidet cover is available in four finishes to match the bidet itself: the smooth Glossy White adds a crisp, fresh look to the piece; Off-White offers an updated twist on a classic, elegant finish; warm Greige lends a discreet, sophisticated air; and the Nero finish adds a bold, contemporary feel.

Antibacterial material

Hinges material: Chromed brass
