

An elegant yet functional solution for all types of storage and space needs, this discreet wall cabinet features a single door and blends in seamlessly with rest of bathroom furniture thanks to its bold, straight lines and immaculate silhouette. The left-handed door on this versatile storage option has a 180 rear swing to provide full access to the interior, and optional left or right opening. All hinges and fixtures are hidden to avoid aesthetic distractions, leaving only the elegant interior in view with its double mirror with optical glass. The interior shelves combine surprisingly sophisticated finishes and textures while the large mirror on the door pairs with the mirror at the back of the cabinet to create a luxurious sense of space.

The column cabinets are available in the same stunning range of finishes as the other products: the distinctive Silver finish is uniquely refined, the neutral Greige is elegant and discreet, and the Nero finish adds a bold, contemporary touch of understated sophistication.
