

The retro look of this freestanding bath is updated with a contemporary, ergonomic design. The focal point of any bathroom, it adds a further touch of elegance to a suite that is the epitome of luxury. The bath is manufactured in Roca's exclusive material, Surfex®, which allows seamless units to be created in shapes that are unachievable in other materials and produces a soft, anti-slip, matte texture that is pleasant to the touch.

The selection of resins and minerals in its composition also provide superlative resistance to impacts, abrasive chemicals and ultra-violet light, ensuring the unit retains its original colour and condition over time. Moreover, Surfex® provides superlative thermal resistance for greater energy efficiency in your home.

Antislip type: Integrated
 Drain: Included
 Drain diameter (mm): 52
 Installation structure: With feet
 Installation type: Freestanding
 Location of the border for faucet: Long side
 Material: SURFEX®
 People capacity: 2
 Shape: Oval
 Water capacity (l): 232
 Weight (kg): 153

Colours and Finishes

How to obtain the reference number
 Replace the “..” with the desired finish code from the list below

Dimensions

Length: 1800 mm.
 Width: 800 mm.
 Height: 650 mm.
