

Smooth, clean lines make this washbasin a unique, sleek complement to any bathroom suite that enhances the feeling of luxury and relaxation. It is manufactured in Surfex®, an exclusive material that allows seamless units to be created in shapes that are unachievable in other finishes and produces a soft, matte texture that is pleasant to the touch. The selection of resins and minerals in its composition also provide superlative resistance to impacts, abrasive chemicals and ultra-violet light, ensuring the unit retains its original colour and condition over time. Available in an Off-White finish that adds a twist to a classic shade and is the height of elegance in any space.

Bowl position: Central
