

A dual-flush cistern is a safe, reliable flushing system that provides unrivalled water efficiency. Complement the contemporary aesthetics of your bathroom with this interactive water-saving design. It is available in three different finishes to complement any bathroom space: Greige, a balance between grey and beige, is a leitmotif in Giorgio Armani's creations and is considered by many to be the ideal shade in interior design.

Off-White adds a twist to a classic shade and is the height of elegance in any space.

Glossy White is among the most workable finishes and adds a crisp, fresh look to any bathroom space.

The Armani/Roca finishes are hand-crafted, and any possible variations in tone and texture increase the bespoke feel and unique personality of each piece.

Fixing kit: Included

### Colours and Finishes
