

Every modern bathroom suite uses a soft-close system for comfort and discretion. This Supralit® soft-closing seat and cover has concealed hinges and sleek contours that set a highlight in any contemporary design. It ensures maximum hygiene thanks to the surface's reduced porosity and antibacterial treatment, in addition to offering greater resistance to chemical agents and ultraviolet light. This ensures that the product remains in perfect condition and maintains its original colour over time. Compatible with Armani/Roca Baia collection close-couple WC (Ref. A3420C7..0) and wall-hung WC (Ref. A3460C7..0), sold as separate.

Available in four different lacquered finishes to complement any bathroom space:

Greige, a balance between grey and beige, is a leitmotif in Giorgio Armani's creations and is considered by many to be the ideal shade in interior design. **Dark Metallic** can be used to create innovative colour accents and add a distinctive flair to the bathroom suite.

Off-White adds a twist to a classic shade and is the height of elegance in any space.

Glossy White is among the most workable finishes and adds a crisp, fresh look to any bathroom space.

The Armani/Roca finishes are hand-crafted, and any possible variations in tone and texture increase the bespoke feel and unique personality of each piece.

Antibacterial material

Hinges material: Chromed brass
