

The perfect complement to the shower in your wellness area or wetroom, this durable, superslim shower tray presented in a unique collection of textures and finishes is non-slip, stylish and warm to the touch. Manufactured with Stonex®, a high-quality resin, it is resistant to abresive chemicals and ultra-violet light and will retain its original colour over time. Its L dimensions and textured surface create a natural feel and sense of space that invites you to indulge in a luxurious moment of self-care.

Available in three finishes with an exclusive pattern:

Greige, a balance between grey and beige, is a leitmotif in Giorgio Armani's creations and is considered by many to be the ideal shade in interior design.

Dark Metallic can be used to create innovative colour accents and add a distinctive flair to the bathroom suite.

Off-White adds a twist to a classic shade and is the height of elegance in any space.

The Armani/Roca finishes are hand-crafted, and any possible variations in tone and texture increase the bespoke feel and unique personality of each piece.
