BATHROOM COLLECTIONS BY **Roca**

ARMANI / CASA

BATHROOM COLLECTIONS BY **Roca**

“When it came to creating this exclusive space with Roca, I imagined a completely innovative concept which would combine practicality and pleasure in a completely effortless and natural way.

A beautiful and harmonious space which would elegantly and subtly combine all the functional aspects of a bathroom, whilst at the same time providing an area of comfort and well-being.

A warm and contemporary atmosphere perfectly combining technology with elegant and sophisticated luxury allowing you to relax and unwind.”

A handwritten signature in black ink, reading "Giorgio Armani". The signature is fluid and cursive, with a long, sweeping underline that extends to the right.

Armani/Casa

More than fifteen years after its foundation, Armani/Casa is a world leader in the luxury furnishings sector. A byword for elegance and style, it stems from Giorgio Armani's dream of a warm, harmonious, highly comfortable and sophisticated haven for living. Furniture and furnishing accessories, *objets*, lamps and exclusive fabrics are the key elements in the Armani/Casa collection. Kitchen and bathroom systems subtly merge stylistic features with technology.

Roca

Roca is the world leader in the definition of bathroom space and a benchmark reference in the world of design. Currently it is active in more than 135 different countries and has 69 production plants spread across five continents.

Engaged in a process of continuous development, Roca is deeply committed to the excellence of the design of its products, with the objective of offering its clients spaces in which all five senses encounter unique experiences. Roca's status as world brand leader is reflected in the creation of highly versatile products which are easily adaptable to the habits of consumers all over the world and which offer tailored solutions to all requirements.

At Roca, through a process of continuous research, a future is constructed where design and innovation work together for the well being of everybody. All this has contributed towards making the Roca brand the ultimate worldwide benchmark reference for the creation of bathroom spaces.

PRODUCTS USED
IN THESE PROJECTS

In harmony with the rest of the collection, mirrors possessing straight and pure lines offer stylish and functional solutions for all types of areas. This **mirror, sized 1180 x 1200mm**, combines perfectly with the matching range of furniture of similar size (1200mm) ensuring the symmetry of the space and creating harmony. This mirror also features technologically enhanced functionality, as it includes lateral illumination and atmospheric lighting at the upper and lower ends. It also boasts an electronic system that prevents steaming-up caused by condensation in the bathroom.

Gentle forms and practical sophistication characterise this **countertop washbasin**. It has an anti-splash effect (Water-Flow System) bowl and its two specially sized holes allow you to fit the elegant faucets, the perfect accessory to the basin. No element takes away from its pure elegance: the water outlet and overflow are hidden (Hide-Flow System). Thanks to the technology used in the Greige, Nero and Off-white finishes, the porcelain has an amazingly silky feel that complements the shape. The furniture designed for the countertop washbasin offers solutions for all types of spaces and storage needs. What's more, the furniture is available in the same colours as the washbasin, ensuring a harmonious look for your bathroom.

The **furniture designed for the under-counter washbasins** features an exquisite tinted glass countertop with two 30.5mm holes for the matching faucets, which are available in various finishes to ensure complete design harmony.

This 1200mm sized piece with upper and lower drawers is for the single under-counter washbasin.

The upper drawer offers large storage capacity thanks to the space-saving Siphon System and several compartments. The lower drawer can be customised by adding different-sized specially designed containers and trays. Both drawers have the Soft-close System to ensure a gentle, quiet closure.

Working in total harmony with the rest of the collection, the straight lines and purity of form of this furniture offer stylish and functional solutions for all types of spaces and storage needs. The upper drawer offers large storage capacity thanks to the space-saving Siphon System and several compartments. The lower drawer can be customised by adding different-sized specially designed containers and trays. Both drawers have the Soft-close System to ensure a gentle, quiet closure. This **furniture for a single countertop washbasin of 770mm** in size is available in the same striking range of finishes as the other products: Greige, Nero and Silver, allowing you to create a perfectly coordinated environment, down to every last detail.

This **ceiling shower** that recreates a gentle rain effect is the perfect accessory for the thermostatic shower faucets of this collection. All water outlets are fitted with the anti-limescale system Easy-Clean, ensuring optimum functioning and maintenance levels.

This **wall-mounted cascade spout** allows you to enjoy the natural effect of a waterfall. It is the perfect accessory for the thermostatic shower faucets of this collection. All water outlets are fitted with the anti-limescale system Easy-Clean, ensuring optimum functioning and maintenance levels.

This **mixer** allows you to enjoy **five functions**. The handheld telephone shower and two body jets are always included, which leaves you to decide between the waterfall spout, if you want to enjoy the natural effect of a waterfall, and the ceiling shower that recreates a gentle rain effect. These items are sold separately. All water outlets are fitted with the anti-limescale system Easy-Clean, ensuring optimum functioning and maintenance levels.

With sleek lines and striking finishes in Greige and Nero, this **thermostatic bath mixer** incorporates the bath filler, pop-up waste outlet and overflow. With the aim of creating a harmonious bathing space, the faucets also include a hand-held shower that remains hidden while not in use. All water outlets are fitted with the anti-limescale system Easy-Clean, ensuring optimum functioning and maintenance levels.

Sleek lines and a remarkable finish in Greige characterise this **built-in thermostatic shower mixer**. This mixer allows you to enjoy two functions: the handheld telephone shower is always included, which leaves you to decide between the waterfall spout if you want to enjoy the natural effect of a waterfall, or the ceiling shower that recreates a gentle rain effect. These items are sold separately. All water outlets are fitted with the anti-limescale system Easy-Clean, ensuring optimum functioning and maintenance levels.

The bathtubs in this collection are the epitome of elegance and practicality. The wide range of sophisticated colours available for these **acrylic under-mount bathtubs** ensure the collection can achieve a sense of harmony within any bathroom space. The bathtub design includes a deck-mounted thermostatic faucet, a bath filler with pop-up waste and an overflow. An easily accessible handheld shower included in the faucet is hidden while not in use, which contributes to the bathroom's elegant simplicity without detracting from its practicality. To further enhance your comfort, this extra-thick reinforced acrylic bathtub offers an ergonomic base and safety handles.

With its sleek lines and striking finishes in Greige and Nero, this **ceiling shower**, which recreates a gentle rain effect, is the perfect accessory for the thermostatic shower faucets of this collection. All water outlets are fitted with the anti-limescale system Easy-Clean, ensuring optimum functioning and maintenance levels.

A tailor-made **pivot-hinged door to be attached to one wall**. To be installed with or without the tailor-made fixed panel. A reinforcing beam structure must be built in to the false ceiling – this item is sold separately. The glass finishes available range from transparent and translucent to double glass with coloured fabrics in-between. Frames come in all finishes of the collection.

A tailor-made **fixed panel** to be attached to one wall only and installed from floor to false ceiling. The glass finishes available range from transparent and translucent to double glass with coloured fabrics in-between. Frames come in all finishes of the collection.

This **single lever mixer faucet** for the washbasin works in absolute harmony with the rest of the faucets in this collection. Aside from its separate lever, which fits perfectly into the specially sized 30.5mm hole, this faucet is equipped with the Smart Flow water saving system.
